Steering Committee
February 21, 1995

Present: Frank Council, Linda Muldoon, Ann Sager, Virginia and Roy Baumruk, Meg Casey, Gordon Schmiedel, and Sue Martinson

1. Leo and John VanDenBrandt were present this evening due to fact that they have a home in the area that the County may be interested in purchasing. An overview of the situation was provided to them.
2. A motion was made by Ann to approve the minutes of January 17, 1995 meeting. Second by Linda. Approved.
3. Jackie was not present but had provided Frank with a report regarding bank account. Currently the balance is at \$970.54.
4. At this time there are no city or county committee meetings that we are aware of that we should be attending. There has been no decision made regarding the comprehensive plan for downtown Appleton. The block on which St. Mary's Church is located is no longer being considered for additional parking. There has been no feedback regarding proposed options.
5. In regard to the public campaign, bumper stickers were distributed with the most recent newsletter. Pins and additional window signs and bumper stickers are still available.
6. Ann noted that she is read to resubmit the Baumruk house for National Historical Society nomination. She will work on slides this weekend. She would like to consider the Plank house next due to the architecture and residents.
7. It was reported that Historical Preservation has been raised to medium priority by the Block Grant Committee. We had attempted to secure monies from this group but were unable to do so this year.
8. The Fox Cities Convention Center may have a sum of \$1500 available to assist in production of the walking tour maps. Will check with them regarding application process. Bruce was to have estimates for printing costs. Meg will check with him regarding these.
9. The committee for the City's Historical Preservation Ordinance has been meeting. This will be reviewed by the City Attorney for wording and go to Council for consideration. Noted that a group in Neenah is meeting in neighborhoods to establish their ordinance.
